Our Cover

As the shadows lengthen and the evening comes, the busy world is hushed and our work is done. When we reflect on the past year — thinking about the good DX with hams in far-away places, as well as the regular ragchews with the friend across town — we can't help but feel the magic of Amateur Radio and marvel how it brings us all closer together. May 2013 bring every one of us safe lodging and peace now, and at the last. Our cover features a combined 40 and 30 meter Yagi antenna atop the 90 foot tower of Bogdan Zdaniak, SP5WA.
